Buenos Dias - this is Pier Valdez of Javámo Coffees. Being from the Dutch side of the Valdez family, we get around on wooden shoes instead of donkeys, but whatever gets you where you're going, eh?

And speaking of getting you going, there is no better way to start your day than with a delicious pot of Javámo coffee. We offer both medium and dark roast coffees, plus fabulous flavors including Chocolate Macadamia, Hazel's Gone Nuts, and my personal favorite, Va Va Voom Vanilla!!!! For those who want to go to extremes, we also offer decaf and espresso coffees - and specialty cocoas for the sweet tooth in all of us! Javámo Coffees also offers fabulous customized gift sets and expert advice for corporate fundraising and or gifting purposes. Give your clients, friends, donors and yourself the chance to start your day the Javámo way.
