

How Much Can We Welcome Our New Therapist? *Sung to "How Much is that Doggie in the Window?"*

Parody by Brenda Darnley Martin

How much can we welcome our new therapist?
The one with the waggley tail.
How much can we welcome our new therapist?
Her impending arrival we hail!

We must offer kids the chance to know her,
And feel unconditional love.
With her at their side they won't be worried,
And can speak of the times that were tough.

How much can we welcome our new therapist?
The one with the waggley tail.
How much can we welcome our new therapist?
Her impending arrival we hail!

But not just APPLE will enjoy her.
We're sure she'll be making the rounds.
It will be lots of fun to hear her coming,
While down the hallways she bounds!

How much can we welcome our new therapist?
The one with the waggley tail.
How much can we welcome our new therapist?
Her impending arrival we hail!

We much keep a lot of tasty treats here,
When Courtney does come to call.
But you might want to keep them on your cabinet -
As Courtney is really quite tall!

How much can we welcome our new therapist?
The one with the waggley tail.
How much can we welcome our new therapist?
Her impending arrival we hail!
